

FILM AND MEDIA STUDIES (FLM)

Interdisciplinary Minor

Film and media studies offers an interdisciplinary approach to the study of film through a body of courses that exposes students to the cultural, political, and social implications of this art form. Courses in the minor provide students with the critical tools necessary for both evaluating and producing film texts, and they prepare qualified students to choose critical and/or creative paths for further study or toward a profession. More information on the program is available at www.wfu.edu/film (<http://www.wfu.edu/film/>).
