Grading System

The School of Divinity registrar maintains academic records of progress on all enrolled students. For all courses carrying graduate credit in the School of Divinity, there are three passing grades—A (excellent), B (commendable), and C (low pass) — and one failing grade, F (failure). An A has the grade point value of 4.00 for each semester hour of credit involved, a B the value of 3.00 for each semester hour of credit involved, and C the value of 2.00 for each semester hour of credit involved. An F grade carries no credit. Required courses with a grade of F must be repeated. Pluses and minuses may be given at the discretion of the faculty member.
