Legend Overview

The Graduate School offers several courses; some are required by the program while others serve as general electives. Please consult the program requirements to determine which courses are mandatory.

Course Legend

Semester hours of credit are shown by numerals immediately after the course title. The symbols P— and C— followed by course numbers or titles are used to show prerequisites and corequisites in the department. POI indicates permission of instructor is required. Because graduate study occurs at a level of complexity and specialization exceeding that of undergraduate education, the work required of graduate students in any course in which instruction is combined with undergraduate students will reflect this difference.
