

REQUIREMENTS FOR GRADUATION

The Wake Forest School of Business confers the bachelor of science degree with a major in accountancy, business and enterprise management, finance, or mathematical business. The requirements for completion of the degrees are those in effect at the time the student enters the School of Business. No courses in the undergraduate School of Business can be taken pass/fail unless they are offered on that basis. In addition, the POI designation for any course does not override any program requirements for the major.

In addition to the courses stipulated, the student in business and accountancy also must meet the following requirements for graduation:

1. *a minimum of 120 hours, including the basic and divisional requirements established by Wake Forest College*
2. *a minimum grade point average of 2.0 on all work attempted at Wake Forest*
3. *a minimum grade point average of 2.0 on all work attempted at other institutions*
4. *an overall 2.0 grade point average in all courses required in the major.*
